# BOAT CAPTAINS GOING TO ISLANDS

FOR RESIDENTS & BUSINESSES

## WE ARE IN THIS TOGETHER

Captains for Clean Water [Sanibel Operation Guides Directory](#) also offers a list of captains and contacts which continues to be updated.

The following is a list of names and links we have received of people who are available to take residents by boat to the islands. Please contact them directly to arrange transportation and other details as to cost, number of people, pick up location etc. Typically texting is the most efficient, as the cell service remains weak in Lee County.

**NOTE: The DDWS does not endorse any of these people and they are only being listed as a resource and reference.**
